

GROUP MEMBERSHIP COMMITTEE
MEETING AGENDA
February 6-8th, 2009
Reno, NV

Action

Make changes to the Group Member Pledge to include verification of required aircraft maintenance compliance as well as guidelines for pilot training for skydiving operations.

Discussion

Solo Challenge and Training Center Programs

Marketing proposal by Initia.

Foreign Group Member drop zones-Should the foreign drop zones remain in the group member program? Some foreign GM drop zones are not using USPA rated instructors, and do not or can not meet the GM pledge requirements, which include following the U.S. FAA regulations that may not apply to foreign countries. One alternative would be to offer advertising listings but remove the USPA GM association from the foreign listings.
