Record Participant List

Visit <https://uspa.org/Competition/Lookup-Competitors-Participants> and provide XLS file, or attach via separate page. Must include name(s) of participant(s), gender(s), USPA (or other country's) membership number and date of expiration. Please note, this link is only accessible to Official Observers (See SCM 3, 2.9).

Certification

Note: At least two certifying officials are required for a state record, and at least three certifying officials for a national record. Discipline-specific records require a judge rated in that discipline; however, a second judge, one not discipline-rated, can serve as the second authorized official. See SCM 3, 2.9 for a more complete explanation. FAA-rated pilots may ONLY certify exit altitude and most jumps in a 24-hour period record claims. For large formation records, a plan of the jump and list of participants must be submitted to the observing judge before the jump; the formation must be completed as planned.

We, the undersigned, certify the claimed record performance. The attempt was made in accordance with the regulations and rules of the USPA Skydiver's Competition Manual. A jump plan and video/photographic evidence of the jump, as required, has been provided and verified.
